**5.1 Dignity:** WVUK is committed to ensuring all communications about beneficiaries are undertaken with sensitivity to safeguard each person's right to dignity, privacy and confidentiality. In all forms of communication, beneficiaries are treated and portrayed with dignity and not as helpless victims or in a sexually suggestive way.

WV staff must obtain informed consent from any identifiable individual, and from parents, primary caregiver or guardian where the subject is a child and they are the primary subjects of a story, photo and/or video resource gathering.

Written consent is obtained from the individual or from the parent, primary caregiver or guardian in the following situations:

- (a) where a beneficiary could be easily identified, or
- (b) where the sensitive nature of their personal disclosure of their situation could possibly cause a risk to his or her privacy, dignity, safety or reputation, or
- (c) where otherwise required by applicable law – e.g. GDPR.

When written consent is not possible to obtain the reporter, photographer or videographer must confirm in writing that they explained consent and this was verbally obtained from the individuals involved, using local language, beforehand. It is best practice to film or record this action being taken.

- (f) WVUK cooperates with WV Partnership and National Offices to provide reporting and response options so that sponsors, donors, visitors, beneficiaries or their caregivers can report any incident(s) where either party feels uncomfortable or threatened.
- (g) Sponsorship welcome packs WVUK websites, domains and social media platform profile pages contain a legal privacy and confidentiality disclaimer with reporting options for safeguarding concerns or incidents.

**5.5 Prevention of Harm in Sponsorship:** Sponsorship is implemented in a manner that keeps the safety of beneficiaries as the top priority. This includes training of staff to recognise, report and respond to potential abuse and harm, and the secure handling and storage of personal information and eventual disposal.

## c. REPORTING

### 6.0 SAFEGUARDING INCIDENT REPORTING

All staff and WVUK representatives are made aware of their individual responsibility to uphold this Policy. Any member of staff or WVUK representative who is concerned, suspects or is made aware of a safeguarding incident, should report the matter immediately to:

## D. RESPONDING

### 7.0 RESPONDING TO SAFEGUARDING INCIDENTS

WVUK will respond to all reports of safeguarding incidents through appropriate internal mechanisms. In order to achieve effective and fair reporting and management of incidents, all incidents reported will be categorised and managed according to WVUK's Serious Incident Preparedness Plan and escalated if necessary.

#### 7.1 Definition

**"incident"** – a concern, allegation or fact about inappropriate behaviour or any breach or threatened breach of the terms of this or any other organisational policy which may put a beneficiary at risk of harm, injury or death whether in temporary or permanent care of a WVUK representative or National Office;

**"intervention"** – when an incident demands action to be taken to mitigate, monitor or manage risk associated with a specific incident or suspected policy breach. An intervention may include internal administrative investigation or if criminal in nature, a referral to an external agency, government authority, the Charity Commission, any law enforcement body, including any other escalation within WV International.

#### 7.2 Safeguarding Incident Thresholds

WVUK uses three levels of thresholds to determine WVUK's response:

<b>AMBER</b>	Abuse of or harm to a child or adult, in a community where WV has programme operations and that is not committed by WV employees or affiliates.
<b>RED</b>	Breach of this Policy which puts children or adult beneficiaries in direct risk of potential harm, but where no actual harm is believed to have occurred.
<b>BLACK</b>	An allegation or accusation of harm or abuse to a child or adult beneficiary by a WV employee or affiliate. Death or serious injury of a child or adult while participating in or at a WV activity or caused directly by a WV-related person.

5.

**7.3 Consequences and Outcomes:** Violations of any provision contained in this Policy may result in: -

- (a) disciplinary action which may result in suspension and dismissal from employment, volunteering/internship, partnership, contractual relationship or Board membership; or
- (b) termination of sponsorship;
- (c) termination of the working relationship with WVUK.

In compliance with legislation or best practice, WVUK will report to law enforcement and external agencies including but not limited to the police or relevant law enforcement agencies, the Child Exploitation and Online Protection Unit part of the National Crime Agency NCA, the Disclosure & Barring Service (DBS), the Charity Commission or the Independent Local Authority Designated Officer (LADO). WVI Global Safeguarding team will also be informed and take appropriate next steps.

**7.4 Disclosure for learning and accountability:** While WVUK maintains appropriate confidentiality for individuals in safeguarding incidents, WVUK may disclose information about incidents, when lawfully permitted, in order to support prosecution of suspected criminal activity, meet donor and regulatory requirements to support learning and accountability, to prevent future incidents.

## SAFEGUARDING IN PROGRAMMING

### 8.0 SAFEGUARDING PROGRAMMING

This includes all efforts aimed at helping children to be safer within their families and communities, including empowering children. WVUK will actively support children and their parents/primary caregivers/guardians, to understand how to safely and appropriately utilise social media and digital technology, where appropriate, while avoiding risks to their safety and dignity and responding immediately to threats. All activities increase capacity of partners and other stakeholders to keep beneficiaries safe. Projects also put in place reporting and complaints mechanism that is accessible to all beneficiaries.

**8.1 Child Safeguarding as a Cross-Cutting Theme:** In all programmes, WVUK seeks to do no harm to adults and children, to act in the best interests of the child, and to utilise opportunities to help children be safer within their families and communities. WVUK will actively support children and their parents/primary caregivers/guardians to understand how to safely and appropriately utilise social media and digital technology, while avoiding risks to their safety and dignity and responding immediately to threats. This includes the establishment of complaints and response mechanisms, consideration of local safeguarding threats and issues in local context analysis and programme design.

**8.2 Institutionalisation and Adoption:** WVUK does not facilitate the adoption of children or support programming within institutions where children stay for the long-term in ways that perpetuate the institutionalisation of children.

**8.3 Child Participation:** World Vision works to empower children as citizens and participants promoting their own well-being, and to minimise any risk of harm or negative consequence resulting from participation in activities promoted by World Vision. Child participation programmes and activities are based on context analysis with clearly identified needs and expected results, along with how the project will measure progress towards achievement while mitigating risks through risk assessments.

**8.4 Ethics:** All project activities are designed and implemented to adhere to principles and ethics which keep the best interests of children and other vulnerable beneficiaries as the top priority.

**8.5 Informed Consent in Child Participation:** Child participation activities are voluntary and inclusive (especially of

the most vulnerable children), and both children and parents/caregivers/guardians make informed decisions regarding participation, including due consideration of risks that could be associated with the activity.

**8.6 Child Travel:** World Vision sometimes supports children to travel to events, activities or for other opportunities. In such cases the parents, guardians or caregivers, or other legally required entity or individual, give informed written consent prior to travel. The child's health, safety and well-being are the most important priorities during any travel supported by World Vision. World Vision will not facilitate travel of children outside of their country to visit their sponsor.

## DEFINITIONS

**Abuse:** A form of maltreatment of a person/s. Somebody may abuse or neglect an adult or child by inflicting harm, or by failing to act to prevent harm. Beneficiaries may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children. There are four main types of child abuse as defined under the UK Government Guidance Working Together to Safeguard Children 2018:

**Emotional Abuse:** The persistent emotional maltreatment of a beneficiary such as to cause severe and persistent adverse effects on their emotional development and stability. It may involve conveying to beneficiary that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the beneficiary opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on beneficiaries. These may include interactions that are beyond the beneficiaries' developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the beneficiary participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying or sexting), causing beneficiaries frequently to feel frightened or in danger, or resulting in exploitation or corruption. Some level of emotional abuse is involved in all types of maltreatment of another, though it may occur alone.

**Neglect:** The persistent failure to meet a beneficiaries basic physical and/or psychological needs, likely to result in the serious impairment of the beneficiaries health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent, a primary caregiver or guardian failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a beneficiary's basic emotional needs.

**Physical Abuse:** This may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a beneficiary. Physical harm may also be caused when a parent, primary caregiver or guardian fabricates the symptoms of, or deliberately induces, illness in a beneficiary.

**Sexual Abuse:** Forcing or enticing a beneficiary to take part in sexual activities, not necessarily involving a high level of violence, whether they are aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving beneficiaries in looking at, or in the production of, sexual images, watching sexual activities, encouraging them to behave in sexually inappropriate ways, or grooming a beneficiary in preparation for abuse (including via the

internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can children.

**Beneficiary:** In regard to Safeguarding WVUK uses a broad, working definition of “beneficiary” to include not only direct beneficiaries of a project, but also any child or adult residing in a community in which WV operates.

**Child:** In conformity with the UN Convention on the Rights of the Child, 1989, a ‘Child’ is defined as any person who is less than 18 years old, regardless of which country they live in. The fact that a child has reached 16 years of age, is living independently or is in further education, is a member of the armed forces, is in hospital or in custody in the secure estate, does not change his/her status or entitlements to services or protection.

**Child Labour:** Work that is mentally, physically, socially or morally dangerous and harmful to children, or that interferes with their schooling.

**Corporal Punishment:** Defined by the UN Committee on the Rights of the Child as: “Any punishment in which physical force is used and intended to cause some degree of pain or discomfort, however light”.

**Exploitation:** Abuse of power or trust to use a person for the benefit of another. This includes, but is not limited to, child labour and sexual exploitation.

**Harmful Traditional Practices (HTP) include:**

- female genital cutting/mutilation
- so, called ‘honour’ based violence and ‘honour’ killings
- early, child and forced marriage
- abuse linked to a belief in spirit possession
- breast ironing also known as breast flattening

Harmful traditional practices are based on tradition, culture, custom and practice, religion and/or superstition. They have often been embedded in communities for a long time and are born out of community pressure. They are committed and actively condoned by the child’s parents or significant adults within the beneficiaries’ community.

They include rituals, traditions or other practices that have a detrimental effect on the physical, mental and emotional health of the victim. Many of the practices involve bias against groups of beneficiaries, particularly girls and children with disabilities. Many involve physical abuse and pain leading, in some cases intentionally, to death or serious injury. Others involve mental abuse

**National Office:** A World Vision office in the field or country where World Vision projects are implemented

**Safeguarding:** Preventing, reporting and responding to harm or abuse of beneficiaries and others in WVUK’s sphere of responsibility.

**Violence:** The use or threat of physical force or power that harms a beneficiary. Although abuse, neglect and exploitation are forms of violence, we include “violence” as a separate category to address additional threats from which beneficiaries need to be protected, including gang violence, bullying, harassment and playground violence.

**Visitors:** anyone visiting a World Vision project and may include but not limited to WVUK Representatives, sponsors, photographers or reporters.

**WVUK Representatives:** is any person who represents WVUK whether under a contractual relationship, paid or unpaid position or in a position of trust. This includes staff, volunteers, fixed term contractors, consultants, Board members, sponsors, donors, or people affiliated with World Vision.
